LAVASTONE	120
ICEGLASS	175
EBONYGLASS	275

High heat retention properties ensure our fire stone & glass will withstand the extreme temperature of gas fire. Do not attempt to place found stones or glass in your fireplace as they will not have the same heat resistance and could break, crack or explode. (Some fire objects are shipped separately)

Note: All units come with a remote control.

Shipping charges not included and will be based on zip code.

Terms: * All prices are in US\$ * Full payment is due at the time of ordering. SMF5216

* Spark Modern Fires reserves the right to change and update prices without prior notice.
