**Why Pick a Spark Fire Ribbon Direct Vent Vu Thru 3ft?**

- Vent through the roof or exterior wall
- Up to 80% efficient
- Heating capacity enhanced with integrated fan
- Approved for bedrooms, bathrooms, and all common rooms
- Accepted by all major building and mechanical codes in the U.S. including the IMC (International Mechanical Code) and the UMC (Uniform Mechanical Code). Please check with local codes before ordering.
- Approved in all 50 states and Canada
- No draft concerns
- Safety of fixed ceramic glass

**Note:** This is a high throughput gas appliance and critical attention is needed to size the gas pipes properly.
