Welcome friends and family!

We crave the company of friends and family now more than ever. And nothing gathers folks like a clean, robust and smoke-free fire! Once again, Spark Modern Fires has answered the call. Outdoor living and entertaining is the order of the day/night!

Spark’s FIRE TABLE is offered in a range of sizes from 3’– 9’ long. This gorgeous fire feature will enhance your outdoors like nothing else. Installation is now quicker and easier than ever with this new design option.
SPARK FIRE TABLE
3FT- 9FT

This stunning fire feature is the home for and includes Spark Modern Fire’s industry leading outdoor burner system. Forged from high quality 304 stainless steel, this turnkey fire is engineered to optimize aesthetics, functionality and durability. Burner support brackets, combustion air flow, drainage and our proprietary stainless steel pilot light assembly have been thoughtfully designed to create a magnificent fire that will warm your crowd, enhance your environment and last for years and years.

**MODEL NO.** FT36, FT48, FT60, FT72, FT84, FT96, FT108

- **Exterior Dimension**
  - See chart*
- **Gas Type**
  - Natural Gas or Propane
- **On/Off**
  - Electric Ignition system with ON/OFF Timer remote control
- **Sustained operating gas pressure parameters**
  - Natural Gas 4.5”-10.5” w.c.
  - LP/Propane 11.0”-13.0” w.c.
- **Electric**
  - 110V with battery back up
- **Burner Appearance**
  - Burner is submerged into bed of broken tempered glass
- **Open Air Fire**
  - Open air - No glass
- **Media Options**
  - Required tempered glass over the burner and approved SPARK fire objects for the side trays.
- **Enclosure**
  - Brushed Stainless steel enclosure with matching 304 stainless steel cover
- **Certifications**
  - Omni Test Laboratories
  - Complies with ANSI Z21.97 CSA 241-2017
  - “Outdoor Decorative Gas Appliances”
  - And CSA 217-2017
  - “Gas-Fired Appliances for Use at High Altitudes”
- **Options**
  - SPARK fire objects

This unit should not be installed in areas susceptible to salt-water corrosion or high winds. This product is not warranted against either condition.

Note: This is a high throughput gas appliance and critical attention is needed to size the gas pipes properly.
