

# CERTIFIED APPLIANCES

## Model(s): Bonfire/Campfire Outdoor Decorative Gas-Fired Fireplace

This record serves as documentation that OMNI-Test Laboratories, Inc. (OMNI) has completed the Evaluation, Review, and Certification of the model(s) stated above. During OMNI's Evaluation, these model(s) were found to comply with all applicable clauses of the certification standards listed below. These clauses pertain to the Construction, Performance, and Literature (i.e. design drawings, component lists, and manual/label) aspects of the product. After the Evaluation was completed, qualified OMNI representatives Reviewed the data and the project file was submitted to be Considered for Certification. It was determined that the model(s) comply with OMNI's program.

<b>ISSUE DATE:</b> July 3, 2018	<b>BRANDING / DBA:</b> (None)
<b>REPORT:</b> 0401GM012S	
<b>PROJECT:</b> REV001	<b>MULTIPLE LISTEE(S):</b> (None)
<b>ISSUED TO:</b> Woodbridge Fireplace, Inc. 1305 Meyerside Drive Mississauga, Ontario L5T 1C9 CANADA	

These requirements include (but are not limited to) adhering to OMNI policies and procedures, as well as the Client's participation in on-going Surveillance and cooperation in the resolution of any non-compliances that may be found, all of which are necessary for maintaining the listing status of an OMNI-certified appliance. Before Certification was completed, an Initial Factory Quality Control (QC) Inspection was conducted at facilities that complete final assembly of the product. Inspected facilities were found to be compliant.

### U.S. Certification Standards: [All Models]

Alex Tiegs, President

ISSUED BY: OMNI-Test Laboratories, Inc.  
13327 NE Airport Way  
Portland, OR · 97230

Please Note: All clientele with OMNI-certified/listed product should have the latest copy of the Product Documentation and Listing Agreement (PDLA). This document details OMNI's requirements for maintaining a listing for a certified product, which includes a mandated annual Quality Control (QC) and Product Inspection at production facilities where final assembly occurs. The latest version of the PDLA agreement must be signed by both parties to ensure that the product continues to follow all program requirements.

\* The Certification program, operated by OMNI-Test Laboratories, Inc. under ISO 17065, follows the guidelines of a "System 5" Scheme (as defined in ISO 17067) \*  
\* OMNI is accredited by the Standards Council of Canada (SCC) and the American National Standards Institute (ANSI) as a Certification Body \*
